

Harita Techserv

Corporate Presentation

About Us

- Harita Techserv Pvt Ltd is a Technology staffing, Digitization and ER&D Services Company evolved from the prestigious TVS family.
- 3 Decades of Pursuing Excellence in ER&D Domain, serving MNC Captive Centers and Marquee Indian Clients.
- We assist our clients in optimizing their business goals through efficient processes, highly talented team and proven technology.
- 700+ Engineers deployed at various customer locations across the country.
- Headquartered in Chennai. Offshore Development Center in Bangalore and Coimbatore. Offices in New Delhi and Pune.

Our Vision

To be a partner of choice to customers in providing best-in-class Technology Staffing and Digital Transformation in Engineering & Manufacturing Industry.

Our Mission

Corporate Profile. V 10-2024

To identify, groom, develop and deploy talent to fit Customer requirements on-time, every time

Our Offerings

- Staffing: Automotive Design
- Staffing: Embedded & IT
- Harita Offshore Design Services
- Harita Pre-Trained Engineer Program
- IBM Solutions
- Digital Engineering

Staffing: Automotive Design

- New Product Design & Development
- Reverse Engineering
- Legacy Conversion
- CAE/CFD
- Manufacturing Technology
- Advance Engineering
- Simulation Engineering
- PLM Engineering
- 3D Modelling
- EV Design
- Process Engineering
- Jigs & Fixture Design Engineering.

Staffing: Embedded & IT

- Hardware Design & Development
- High-Voltage Vehicle Electricals & Harness
- High-Voltage Power Electronics Design
- Functional Safety & ASPICE
- Electric Motor Design
- MBD Controls & Design
- Battery Management System Testing
- ECU software testing - SIL, MIL & HIL testing

Harita Offshore Design Services

• Harita Elementary Design Support

- Legacy Conversion
- Remastering
- 3D to 2D Conversion
- 2D to 3D Conversion
- Software Migration
- Model Simplification
- Drawing Standardization
- BOM (Bill of Materials) Generation
- Technical Documentation
- File Management

• Harita Premium Design Support

- Electrical Transmission
- Engine Integration
- Cylinder Head & Block
- Clutch
- Battery
- F&F
- Chassis & Frames
- Closures
- Vehicle Integration
- Fuel & Exhaust System
- Trims
- Body & Chassis
- Embedded Design & Development
- Embedded Testing Services

Harita Pre-Trained Engineer Program

- Industry Ready, Trained Engineers from Harita Partnered Colleges
- Sourced, Trained and Honed from 20+ Colleges
- Extensive Exposure to Case Studies and Practical Problems
- Training and churning 200+ Engineers every year

• Mechanical Skills:

- CATIA, CREO, Solidworks, UG NX, Autocad
- Modelling, Drafting, Designing
- Sheetmetal, Casting, Surface Design, Plastics etc

• Embedded & IT Skills:

- Embedded System Software Design & Development
- Embedded OS porting
- Platforms & Toolchain Porting
- Firmware Development
- Embedded Application Development.
- SIL/HIL Testing
- Performance Tuning & Optimization
- Testing & Validation

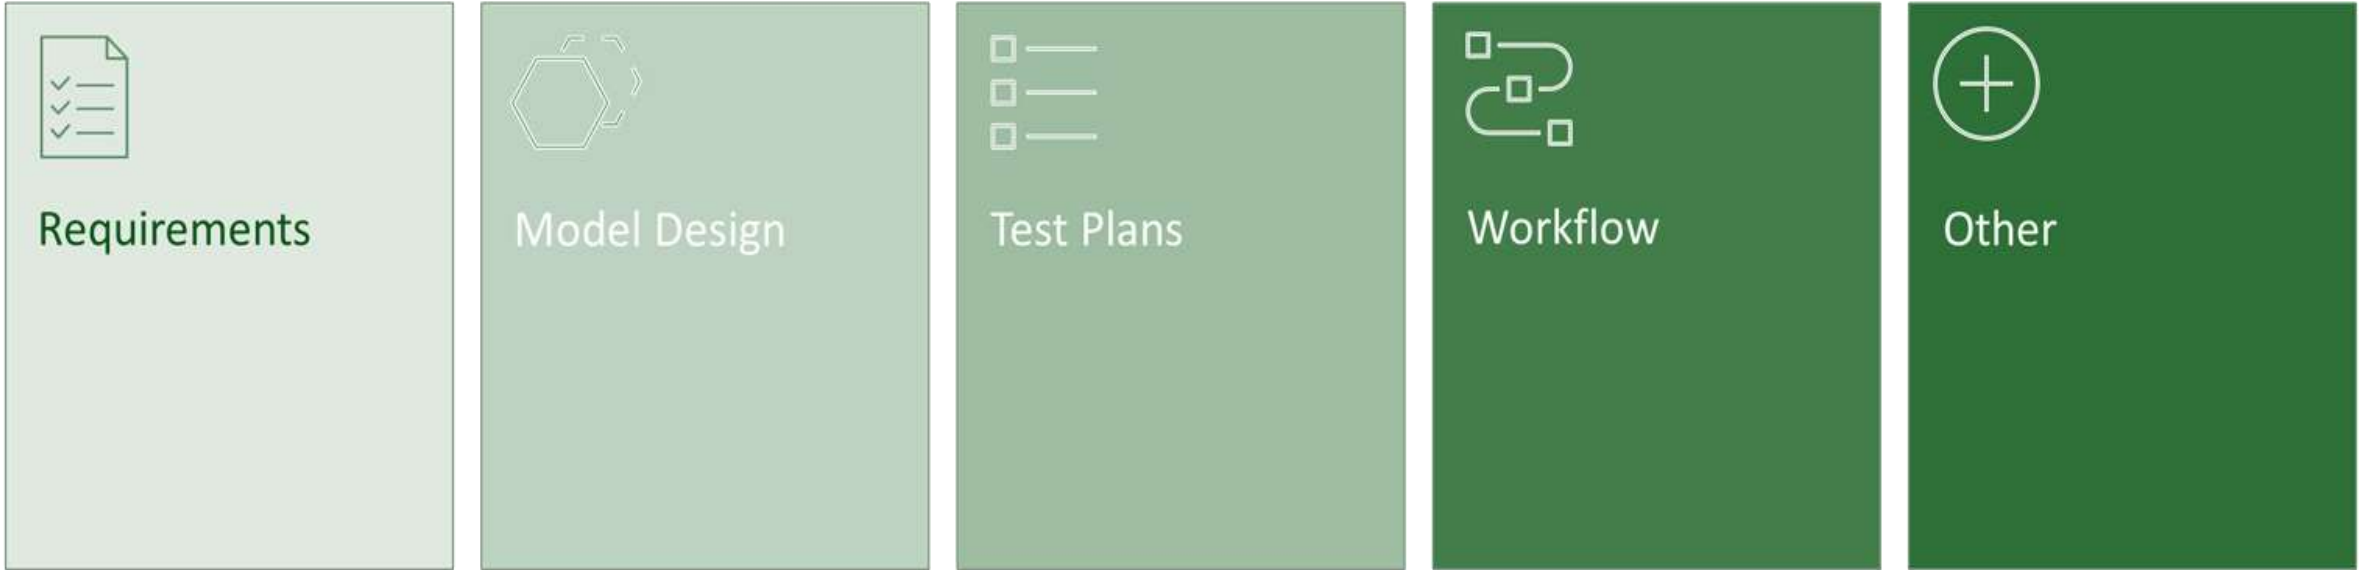

Python programming
★★★★★ 50 (rating)
Learnoo Technologies
₹7,500 ₹4,500

CREO Fundamentals
★★★★★ 50 (rating)
Harita Technos Private Limited
₹6,500

Firmware Development
★★★★★ 50 (rating)
Harita Technos Private Limited
₹6,500

CATIA MECHANICAL DESIGN FUND
★★★★★ 50 (rating)
Harita Technos Private Limited
₹6,500

IBM Solution

ELM Foundation

Digital Engineering

- **Automation**
 - CAD Automation
 - Excel Automation
- **Digital Manufacturing**
 - Digital Twin
 - Process Planning
 - Robotics/ Fabrication
- **Operational Intelligence**
 - Production- OEE/Predictive Maintenance
 - Quality
 - Warehouse Maintenance
 - Asset Management
- **AI/ML**
 - Data Annotation & Labelling
 - Data Janitoring
 - Data Engineers

Our Clients

Thank You!
